**100%
MORE EXPENSIVE**

**MOST
EXPENSIVE**

Marketing, support and price are key elements when selling any product or service. From the chart above you see Private Exchange and Property Guys have limited features, support and their packages are more expensive. A Realtor adds thousands of dollars in real estate commission to the asking price to pay for their service - it's your money - keep it.

The combination of maximum exposure, experienced support and the lowest package prices provided by the PropertyHunters.com system it is your BEST VALUE.
